# COLLECTING WORDS

## ABOUT THE BOOK

Collecting Words is a compilation of photographed words thoughtfully linked to create short stories by artist Brian Fouhy. Blending photography, street art, and language, Fouhy captures words found scrawled across pavement, handwritten on walls, and stated de facto on signage from around the world. The words he finds are later compiled into new combinations, provoking unforeseen sentiment and meaning. With over 40 vignettes contained in this edition, you will find compact tales filled with humour and irony, nestled comfortably alongside the unabashedly earnest.
